BUSINESS LEADER STATEMENT ON PRESIDENT BIDEN'S DAY ONE EXECUTIVE ACTIONS

**IN SUPPORT OF REVOKING THE MUSLIM
TRAVEL BAN, REJOINING THE PARIS
CLIMATE ACCORD, AND ESTABLISHING
PANDEMIC PRECAUTIONS AND RELIEF**

▶ BUSINESS FORWARD

INTRODUCTION:

Business Forward helps local business leaders make the “business case” for climate action, affordable healthcare, immigration reform, diversity and inclusion, sensible tax laws, criminal justice reform, infrastructure investment, and other pro-growth reforms. These leaders brief policymakers, work with local media, publish op-eds, submit testimony, advocate online, and organize their communities. We also promote their recommendations through issue briefs, survey reports, training manuals, and podcasts. More than 650 mayors, governors, members of Congress, and senior Administration officials have participated in our briefings.

We asked business leaders across our network to add their name to a statement in support of President Biden’s day one executive actions, including revoking the Muslim travel ban, rejoining the Paris Climate Accord, and establishing pandemic precautions and relief.

More than 1,000 business leaders responded, and their comments are featured in this statement document.

STATEMENT:

By signing this letter, we demonstrate business leaders' support for President Biden's actions that will set the United States on the path to building a more economically competitive, inclusive America, and a cleaner, healthier, more prosperous future.

“

These actions are vital to ensuring that we can safely and confidently provide the services and experience that our customers need and expect, which will enable the customers to frequent us again and provide the income security needed to do it with the quality we all count on.

“

It is incredibly important that pandemic precautions be implemented so that we may continue to operate safely. The lack of standards has made it difficult working across regions and different communities.

”

- SAMANTHA HOPE HERRING

“

The pandemic relief actions are extremely important to my business because my staff of 50 people work on the front line in retail serving hundreds of customers a day in our stores. They are all eager to be vaccinated so they aren't putting themselves at risk each day just by going to work.
